RE: TREATMENT

I came to Dr. Mira Dhutia after having lower back problems following a rear impact collision. Not liking doctors much, I was apprehensive at my initial visit. Dr. Mira made me feel comfortable and explained the treatment method and procedures as she went along, stopping to expound on anything I did not fully understand. Her warm and friendly manner coupled with professional practice helped me to relax, focus on my problem, and in my opinion heal much faster than I would have in a cold, clinical setting.

Thank you,

Paul
