RE: CAR ACCIDENT

=====

Due to being in a car accident recently I suffered a lot of pain in my neck, arms and back. The pain in my back started traveling down into one of my legs.

I turned to Dr Dhutia for help in relieving my pain. Under Dr Dhutia care my pain was finally getting less severe within days of treatment.

I would like to thank Dr Dhutia for reliving me of my severe back pain and getting me back to walking and living normal again.

Many thanks,
Barb W
